

Unlocking Efficiency and Compliance: BIL's Journey with Oracle Exadata Cloud@Customer

Industry: Financial Services
Headquarters: Luxembourg, Luxembourg City

Banque Internationale à Luxembourg (BIL) offers retail, private, corporate and institutional banking as well as treasury and financial market services. It is recognized as systemically important by the European Central Bank.

BIL has dedicated wealth management offices in Switzerland and China as well as trading floors in Luxembourg and Zurich,

Business Objectives

- Optimize Total Cost of Ownership (TCO) leveraging past consumption data and suitable platforms.
- Ensure Regulatory Compliance and Data Security with a hybrid cloud solution approved by the CSFF
- Simplify Database and Infrastructure Management, especially during the Temenos application migration, while evaluating licensing needs.

Benefits Achieved

- Oracle ExaDB-C@C optimized resource usage, cutting operational expenses by up to 30% versus traditional setups.
- With CSFF approval, ExaDB-C@C ensured regulatory compliance and data integrity, offering a secure hybrid cloud solution.
- ExaDB-C@C streamlined database migration, boosting efficiency by 40%

“

As Banque Internationale à Luxembourg advances into the digital era, our commitment to excellence in banking demands a robust infrastructure. Oracle Exadata Cloud@Customer empowers us with unparalleled performance, scalability, and security as we migrate our Core Banking System to Temenos T24. With this partnership, we ensure seamless integration, optimal agility, and uncompromising reliability, delivering exceptional service and value to our clients.
