

Request for Quotation (RFQ)

Issued by: Alliance for a Green Revolution in Africa (AGRA)
Date of Issue: September 2025

1. Introduction

The Alliance for a Green Revolution in Africa (AGRA) is an African-led organization focused on sustainably transforming African agriculture. AGRA works to support smallholder farmers, strengthen agricultural systems, and promote innovations that ensure food security, livelihoods, and climate resilience across the continent. This Request for Quotation (RFQ) is issued to invite qualified vendors, suppliers, or consulting firms to submit their proposals for the provision of goods and services as described in this document. The objective is to identify a capable and experienced partner that can deliver cost-effective and high-quality solutions aligned with AGRA's mission.

2. Scope of Work

The purpose of this RFQ is to solicit quotations for the provision of solar-powered irrigation systems designed for smallholder farming communities in Kenya, Ghana, and Tanzania. The systems must be affordable, environmentally sustainable, and adaptable to rural contexts where grid access is limited. Vendors are expected to demonstrate experience in delivering similar solutions in sub-Saharan Africa and to provide evidence of the long-term durability and scalability of their products. Training of local farmers, provision of spare parts, and maintenance services will be considered critical elements of the offering.

3. Deliverables

- Supply and installation of solar-powered irrigation systems in designated pilot sites.
- Training sessions for at least 500 smallholder farmers in operation and maintenance.
- A comprehensive manual and localized training materials.
- A sustainability and after-sales support plan.
- Quarterly monitoring reports on performance and impact.

4. Eligibility Criteria

- Registered business entity in good legal standing.
- At least 5 years' experience in supplying and installing irrigation or renewable energy systems.
- Demonstrated capacity to operate in rural African contexts.
- Strong financial performance and audited accounts for the past 3 years.
- References from at least three relevant projects completed within the last 5 years.

5. Evaluation Criteria

Quotations will be evaluated on the basis of the following weighted criteria:

Criteria	Weight (%)
Technical Proposal (Design, suitability, innovation)	35

Experience and Capacity	25
Cost-effectiveness and Value for Money	20
Sustainability and After-sales Support	10
Delivery Timeline	10

6. Submission Guidelines

Interested vendors must submit their complete quotation package no later than ****October 10, 2025**** to procurement@agra.org with the subject line "RFQ – Solar-Powered Irrigation Systems." Late submissions will not be accepted. Quotations must be submitted in PDF format and must include the following documents: - Company profile and registration documents. - Technical proposal addressing the scope of work and deliverables. - Financial quotation in USD, inclusive of all taxes and charges. - At least three client references with contact details. - Any relevant certifications of quality assurance, environmental compliance, or industry recognition.

7. Terms and Conditions

AGRA reserves the right to accept or reject any quotation, in whole or in part, without obligation to provide reasons. All quotations must remain valid for a minimum of 90 days from the submission deadline. The successful vendor will be required to sign a formal contract with AGRA before commencement of work.

8. Contact Information

All requests for clarification should be directed in writing to procurement@agra.org no later than ****September 25, 2025****.
