

MANAGED SERVICES AGREEMENT

Enterprise Infrastructure & Cloud Managed Services

Agreement No. VCS/2026/EU-0882 | Final for Signature | Date: 15 August 2026

Between: Velocita Cloud Solutions S.A. ("Velocita") and Meridian Logistics Group PLC ("Customer")

Velocita Confidential - Do Not Distribute

This Managed Services Agreement (this "Agreement") is made on 15 August 2026 between **Velocita Cloud Solutions S.A.**, a société anonyme incorporated under the laws of the Grand Duchy of Luxembourg, registered with the Luxembourg Trade and Companies Register under number B 214 776, having its registered office at 12 Rue Guillaume Kroll, L-1882 Luxembourg ("Velocita"), and **Meridian Logistics Group PLC**, a public limited company incorporated in England and Wales (company number 04471982) with its registered office at One Meridian Quay, Salford M50 3XZ, United Kingdom (the "Customer", and together with Velocita, the "Parties").

BACKGROUND. (A) Velocita is a provider of managed infrastructure and cloud services delivered from its European delivery centres in Porto and Dublin and its global delivery centre in Pune. (B) The Customer wishes to procure, and Velocita wishes to provide, managed services in respect of the Customer's hybrid IT estate on the terms of this Agreement. (C) This Agreement reflects Velocita's standardised, industrialised delivery model, which enables the pricing set out in Annex 3.

ARTICLE 1 - INTERPRETATION

- 1.1 "Fees" means the Monthly Service Fee and all other amounts payable under this Agreement as set out in Annex 3 (Fees).
- 1.2 "Managed Estate" means the Customer infrastructure identified in Annex 1, comprising as at the Signature Date 430 server instances, associated network and storage assets, and the Customer's tenancies in Oracle Cloud Infrastructure and Microsoft Azure.
- 1.3 "Service Levels" and "Service Credits" have the meanings given in Annex 2.
- 1.4 "Service Start Date" means the date on which Velocita confirms completion of Onboarding in accordance with Article 5, targeted for 1 December 2026.
- 1.5 "Term" has the meaning given in Article 2. "Contract Year" means each twelve-month period from the Service Start Date or its anniversary.
- 1.6 "Work Product" means all software, scripts, configurations, designs, documentation, processes, methodologies and other materials created or provided by Velocita in connection with the Services, whether alone or jointly with the Customer.
- 1.7 References to Articles and Annexes are to articles of and annexes to this Agreement. The Annexes form an integral part of this Agreement. In case of conflict, the main body prevails over the Annexes.

ARTICLE 2 - TERM

- 2.1 This Agreement enters into force on the Signature Date and continues for an initial period of **sixty (60) months** from the Service Start Date (the "Initial Term"), unless terminated earlier in accordance with Article 21.
- 2.2 Upon expiry of the Initial Term, this Agreement is automatically extended for consecutive periods of **twenty-four (24) months** (each an "Extension Term"), unless a Party notifies the other in writing of its intention not to extend at least **one hundred and eighty (180) days** prior to the expiry of the Initial Term or the then-current Extension Term.

ARTICLE 3 - APPOINTMENT AND EXCLUSIVITY

- 3.1 The Customer appoints Velocita as its **exclusive provider** of the services described in Annex 1 for the Managed Estate during the Term. The Customer shall not, during the Term, procure services that are the same as or substantially similar to the Services from any third party, or perform them internally in a manner that reduces the Managed Estate below the Minimum Commitment in Clause 6.4, without Velocita's prior written consent.
- 3.2 Velocita may decline requests to manage assets that do not meet its published technology standards, or may manage such assets on a reasonable-endeavours basis at supplemental rates.

ARTICLE 4 - SERVICES

- 4.1 Velocita shall provide the following services, as further described in Annex 1: (a) service desk (24x7 for Priority 1 and 2 Incidents; business hours 07:00-19:00 CET Monday to Friday for other tickets); (b) infrastructure operations for the Managed Estate; (c) cloud platform operations; (d) network operations; (e) backup and storage operations; and (f) security monitoring delivered from Velocita's shared Security Operations Centre in Porto.

- 4.2 The Services are provided in accordance with Velocita's standardised service descriptions and operating procedures, as updated by Velocita from time to time, provided such updates do not materially degrade the Services.
- 4.3 Services expressly excluded unless ordered separately: application support above the operating system layer; FinOps and cloud cost optimisation advisory; on-site engineering visits beyond four (4) per Contract Year; disaster recovery invocations beyond one (1) per Contract Year (additional invocations chargeable at the Annex 3 rate card); and audits or certifications requested by the Customer beyond Article 24.
- 4.4 Any change to the scope, volumes or service parameters shall be processed under Velocita's change management procedure and may result in an equitable adjustment of the Fees.

ARTICLE 5 - TRANSITION AND ONBOARDING

- 5.1 Velocita shall carry out onboarding of the Managed Estate ("Onboarding") over a planned period of **sixteen (16) weeks** from the Signature Date, in accordance with the high-level onboarding plan in Annex 1, Part 4. The Service Start Date occurs when Velocita notifies the Customer that Onboarding is complete.
- 5.2 The one-time Onboarding Fee is **USD 250,000**. As a commercial accommodation, payment of the Onboarding Fee is waived and its value is amortised on a straight-line basis over the first thirty-six (36) months of the Initial Term. If this Agreement is terminated for any reason other than the Customer's termination for Velocita's material breach before full amortisation, the **unamortised balance becomes immediately due and payable**.
- 5.3 Onboarding timelines assume timely performance of the Customer dependencies in Annex 1, Part 5. Delays attributable to the Customer entitle Velocita to extend the plan day-for-day and to charge standby time at the Annex 3 rate card.

ARTICLE 6 - FEES, INVOICING AND PAYMENT

- 6.1 The Customer shall pay Velocita a Monthly Service Fee of **USD 151,200**, invoiced **quarterly in advance** on the first Business Day of each calendar quarter.
- 6.2 Invoices are payable within **forty-five (45) days** of the invoice date. Amounts unpaid when due bear default interest at **1.0% per month**, compounded monthly.
- 6.3 The Customer shall pay all invoiced amounts in full when due notwithstanding any bona fide dispute; amounts subsequently agreed or determined not to be due will be credited on the next quarterly invoice with interest at the rate in Clause 6.2 ("pay first, dispute later"). Disputes must be raised within thirty (30) days of the invoice date, failing which the invoice is deemed accepted.
- 6.4 The Monthly Service Fee is based on the Managed Estate baseline of 430 server instances. Additional instances are chargeable at USD 265 per instance per month. Reductions are credited at USD 180 per instance per month, subject to a **Minimum Commitment**: the Fees payable in any Contract Year shall not fall below **USD 1,600,000** irrespective of actual consumption or estate reductions.
- 6.5 All Fees are exclusive of VAT and any applicable withholding, which are for the Customer's account. Velocita may recharge reasonable travel and subsistence for on-site visits beyond the four included visits, plus an administration fee of eight per cent (8%).

ARTICLE 7 - FEE INDEXATION

- 7.1 The Monthly Service Fee and the rate card in Annex 3 shall each increase automatically by **five per cent (5%)** on the first day of Contract Year 2 and of each subsequent Contract Year. This indexation is fixed and applies irrespective of actual inflation.
- 7.2 Fees for services delivered from the Pune delivery centre may additionally be adjusted (up to 3% per annum) to reflect documented movements in offshore labour cost indices, on ninety (90) days' notice.

ARTICLE 8 - SERVICE LEVELS; REMEDIES

- 8.1 From the Service Start Date, Velocita shall use commercially reasonable efforts to meet the Service Levels in Annex 2, including **Managed Estate availability of 99.80%** per month for production systems, measured by Velocita's monitoring tooling and excluding maintenance windows, emergency maintenance and events attributable to Customer dependencies.
- 8.2 For Priority 1 Incidents, Velocita shall respond within **thirty (30) minutes** and target restoration within **eight (8) hours** (achieved for 90% of Priority 1 Incidents per month). For Priority 2 Incidents, response within two (2) hours and target restoration within twenty-four (24) hours.
- 8.3 If Velocita fails to meet a Service Level in a calendar month, the Customer's remedy is the Service Credits calculated per Annex 2, subject to an aggregate cap of **twenty per cent (20%) of the Monthly Service Fee** for the affected month. Service Credits are the Customer's **sole and exclusive remedy** for Service Level failures, and no Service

Level failure shall constitute a breach of this Agreement.

8.4 **Earn-back.** If, following a month in which Service Credits accrued, Velocita meets all Service Levels for three (3) consecutive months, fifty per cent (50%) of the Service Credits accrued in that earlier month shall be reversed and re-invoiced.

8.5 Service Levels are suspended during Onboarding, during any Exit Support Period, during force majeure events, and for any month in which the Customer is more than thirty (30) days in arrears on undisputed invoices.

8.6 Chronic failure: if availability falls below 99.00% in each of four (4) consecutive months, the Customer may terminate the affected service tower on ninety (90) days' notice without the Article 21.2 termination fee (the Article 5.2 unamortised Onboarding Fee remains payable).

ARTICLE 9 - CUSTOMER OBLIGATIONS

9.1 The Customer shall: (a) provide and maintain the dependencies in Annex 1, Part 5; (b) maintain valid licences for all Customer-provided software; (c) provide remote network access meeting Velocita's connectivity standard; (d) nominate a single empowered Customer Service Manager; and (e) ensure its data and use of the Services comply with applicable law.

9.2 Velocita's obligations are conditional on the Customer's timely performance of its obligations. Velocita is relieved of any failure to the extent caused by a Customer act, omission or dependency failure, and may charge for resulting additional effort at the rate card.

ARTICLE 10 - GOVERNANCE

10.1 The Parties shall hold a **quarterly** Service Review Meeting (by video conference) to review performance, service improvement and the forward plan. An annual relationship review shall be held at executive level.

10.2 Velocita shall provide a quarterly service report within **ten (10) Business Days** of quarter end, covering Service Level performance, incident statistics and planned maintenance. Monthly summary dashboards are available via the Velocita customer portal.

ARTICLE 11 - PERSONNEL; DELIVERY LOCATIONS

11.1 Velocita determines the organisation, composition and location of its delivery teams. The Services are delivered under Velocita's global delivery model from Porto (Portugal), Dublin (Ireland) and Pune (India); up to **seventy per cent (70%)** of delivery FTEs may be located in Pune.

11.2 Velocita shall give the Customer **sixty (60) days'** notice of replacement of the Engagement Manager or the Lead Technical Architect. The Customer does not have an approval right, but Velocita shall consider Customer feedback in good faith.

11.3 Requests by the Customer for removal of Velocita personnel will be considered in good faith where supported by documented evidence; replacement timing is at Velocita's reasonable discretion.

11.4 All Velocita personnel are subject to background screening in accordance with Velocita's group HR policy and local law at the applicable delivery location.

ARTICLE 12 - SUBCONTRACTING

12.1 Velocita may subcontract any part of the Services to members of the Velocita group without consent, and to third parties upon notice via the customer portal. Velocita remains responsible for subcontracted Services, subject to Article 23 (Force Majeure).

ARTICLE 13 - DATA PROTECTION AND SECURITY

13.1 Each Party shall comply with applicable data protection law. Where Velocita processes personal data on the Customer's behalf, the data processing agreement in Annex 4, Part 2 applies. The Customer authorises processing at the delivery locations listed in Clause 11.1 and by the sub-processors listed on the Velocita trust portal, as updated from time to time with thirty (30) days' notice.

13.2 Velocita maintains an information security management system certified to **ISO/IEC 27001** for its delivery centres. Velocita shall use commercially reasonable efforts to make available, upon written request and not more than once per year, a summary of its most recent SOC 2 assessment **if and when such report is produced** for its shared services platform.

13.3 Velocita shall notify the Customer of a personal data breach affecting Customer personal data without undue delay and in any event within **seventy-two (72) hours** of confirming the breach.

- 13.4 Customer Data is encrypted in transit using TLS 1.2 or higher, and at rest using AES-256 **where technically feasible** on the affected platform. Backups are encrypted by default.
- 13.5 Security patching is performed in accordance with Velocita's standard patching calendar: critical patches within **thirty (30) days** of vendor release, high within sixty (60) days, in each case subject to Customer-approved maintenance windows. Emergency out-of-cycle patching is available as a chargeable service.
- 13.6 Upon termination, Customer Data held by Velocita will be returned in Velocita's standard export formats or deleted, at the Customer's election notified within thirty (30) days; data export assistance beyond standard formats is chargeable at the rate card. Deletion is completed within ninety (90) days across production and backup media.

ARTICLE 14 - BUSINESS CONTINUITY AND DISASTER RECOVERY

- 14.1 Velocita maintains business continuity arrangements for its delivery centres, including cross-site failover between Porto and Dublin.
- 14.2 For Customer Tier 1 systems identified in Annex 1, Part 2, Velocita shall operate the Customer's disaster recovery solution to a target **Recovery Time Objective of twenty-four (24) hours** and a target **Recovery Point Objective of four (4) hours**. These are planning targets, not Service Levels, unless expressly designated as Service Levels in Annex 2.
- 14.3 One (1) announced disaster recovery test is included per Contract Year, scheduled at least sixty (60) days in advance. Additional or unannounced tests are chargeable at the Annex 3 rate card plus a test coordination fee of USD 12,000 per test.

ARTICLE 15 - INTELLECTUAL PROPERTY

- 15.1 Velocita and its licensors **retain all right, title and interest** in and to the Work Product, Velocita's tools, methodologies, know-how and any improvements thereto, whether or not created in the course of providing the Services.
- 15.2 Velocita grants the Customer a non-exclusive, non-transferable, non-sublicensable licence to use the Work Product solely for the Customer's internal business purposes **during the Term**.
- 15.3 Upon expiry or termination of this Agreement, the licence in Clause 15.2 terminates, save that the Customer may elect to convert it into a perpetual licence for Work Product delivered and fully paid, against a one-time licence continuation fee of **USD 75,000**.
- 15.4 The Customer grants Velocita a licence to use Customer materials and data as necessary to provide the Services, and to use anonymised and aggregated operational data derived from the Services for benchmarking, analytics and service improvement purposes during and after the Term.

ARTICLE 16 - CONFIDENTIALITY

- 16.1 Each Party shall protect the other Party's Confidential Information with at least the degree of care it applies to its own confidential information, and not less than reasonable care, and shall use it only for the purposes of this Agreement.
- 16.2 The obligations in this Article 16 survive expiry or termination of this Agreement for **five (5) years**; obligations in respect of trade secrets survive for as long as the information remains a trade secret.
- 16.3 Customary exceptions apply (public domain, prior possession, independent development, compelled disclosure with notice where lawful). Velocita may name the Customer as a reference customer and use the Customer's name and logo in customer lists and proposals, unless the Customer objects in writing.

ARTICLE 17 - WARRANTIES; DISCLAIMER

- 17.1 Velocita warrants that: (a) the Services will be performed in a professional and workmanlike manner consistent with generally accepted industry standards; and (b) it will employ commercially reasonable measures consistent with Annex 4 to protect Customer Data.
- 17.2 EXCEPT AS EXPRESSLY SET OUT IN THIS AGREEMENT, THE SERVICES ARE PROVIDED "AS IS" AND VELOCITA DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT AND UNINTERRUPTED OR ERROR-FREE OPERATION. VELOCITA DOES NOT WARRANT THAT THE SERVICES WILL DETECT OR PREVENT ALL SECURITY THREATS.

ARTICLE 18 - INDEMNITIES

- 18.1 Velocita shall defend the Customer against third-party claims alleging that the Services, as delivered by Velocita and used in accordance with this Agreement, infringe an intellectual property right enforceable in the European Union or

the United Kingdom, and shall pay damages finally awarded or agreed in settlement. Velocita's IP indemnity obligations are subject to the liability cap in Article 19.

18.2 The Customer shall defend and indemnify Velocita against claims arising from Customer Data, Customer-provided software, or the Customer's breach of Article 3 (Exclusivity) or Article 9.

18.3 The indemnifying Party controls the defence; the indemnified Party must promptly notify the claim, may not settle without consent, and shall provide reasonable assistance at the indemnifying Party's cost.

ARTICLE 19 - LIABILITY

19.1 Nothing in this Agreement excludes liability for wilful misconduct, gross negligence, fraud, or death or personal injury caused by negligence, or any other liability that cannot be excluded under applicable law.

19.2 Subject to Clause 19.1, the total aggregate liability of Velocita arising out of or in connection with this Agreement, regardless of the basis of the claim and **across the entire Term**, shall not exceed **USD 1,500,000**. For the avoidance of doubt, this cap applies to claims relating to data protection, security incidents and confidentiality, and Service Credits paid count towards the cap.

19.3 Subject to Clause 19.1, neither Party is liable for any indirect, incidental, special, consequential or punitive damages, or for loss of profits, revenue, goodwill, business opportunity, or **loss of or corruption of data**, even if advised of the possibility of such damages.

19.4 No claim may be brought under this Agreement more than twelve (12) months after the claiming Party became aware, or ought reasonably to have become aware, of the circumstances giving rise to it.

ARTICLE 20 - INSURANCE

20.1 Velocita maintains, and shall maintain during the Term: (a) cyber and technology errors & omissions insurance with a combined limit of **USD 5,000,000** in the aggregate; (b) professional indemnity insurance of **USD 5,000,000** in the aggregate; (c) commercial general liability insurance of **USD 2,000,000** per occurrence; and (d) statutory employer coverage in each delivery jurisdiction. Evidence of coverage is available on the Velocita trust portal.

ARTICLE 21 - TERMINATION

21.1 Either Party may terminate this Agreement with immediate effect by written notice if the other Party: (a) commits a material breach and fails to cure it within **forty-five (45) days** of written notice; or (b) becomes insolvent, enters liquidation or an analogous event occurs.

21.2 The Customer may terminate this Agreement for convenience only **after the thirty-sixth (36th) month** following the Service Start Date, by giving not less than **one hundred and eighty (180) days'** written notice and paying, on or before the termination date, a termination fee equal to **fifty per cent (50%) of the Monthly Service Fees that would have been payable for the remainder of the Initial Term**, plus the unamortised Onboarding Fee under Clause 5.2.

21.3 Velocita may terminate this Agreement for convenience by giving the Customer not less than **one hundred and twenty (120) days'** written notice, without liability other than completion of Exit Support under Article 22.

21.4 Velocita may suspend the Services in whole or in part on fifteen (15) days' notice if any undisputed invoice remains unpaid for more than thirty (30) days after its due date. Suspension does not relieve the Customer of its payment obligations, including the Minimum Commitment.

21.5 Articles 13.6, 15, 16, 18, 19, 22, 25 and 26 survive termination.

ARTICLE 22 - CONSEQUENCES OF TERMINATION; EXIT SUPPORT

22.1 Upon notice of termination or non-extension, Velocita shall, at the Customer's request, provide reasonable exit support for a period of up to **ninety (90) days** (the "Exit Support Period"), charged at the Annex 3 rate card **plus a fifteen per cent (15%) uplift**, with a minimum commitment of 160 hours.

22.2 Exit support comprises knowledge transfer sessions (up to ten), provision of current runbook exports in Velocita standard formats, and reasonable cooperation with the successor provider, subject to that provider signing Velocita's standard confidentiality undertaking.

22.3 During the Exit Support Period the Service Levels in Annex 2 are suspended and Velocita provides the Services on a reasonable-endeavours basis. The Exit Plan is prepared only upon termination notice and delivered within forty-five (45) days.

22.4 All amounts due to Velocita (including the Minimum Commitment for the then-current Contract Year, the Clause 21.2 termination fee where applicable, and the unamortised Onboarding Fee) must be paid before Customer Data export is completed, without prejudice to Velocita's obligations under applicable data protection law.

ARTICLE 23 - FORCE MAJEURE

- 23.1 Neither Party is liable for failure or delay caused by events beyond its reasonable control, including acts of God, war, terrorism, labour disputes, governmental action, pandemic, utility or telecommunications failure, **and failures or delays of subcontractors, hosting providers or public cloud providers**, provided the affected Party notifies the other without undue delay and mitigates the effects.
- 23.2 If a force majeure event continues for more than ninety (90) days, either Party may terminate the affected Services on thirty (30) days' notice; in such case the Customer remains liable for Fees accrued and the unamortised Onboarding Fee, but not the Clause 21.2 termination fee.

ARTICLE 24 - AUDIT

- 24.1 Not more than once in any period of **twenty-four (24) months**, and on at least **thirty (30) days'** written notice, the Customer may audit Velocita's compliance with Articles 6 (Fees) and 13 (Data Protection and Security), during business hours, for a maximum of two (2) days, at the Customer's cost, and subject to Velocita's site security and confidentiality rules. Audits may not extend to Velocita's shared infrastructure, other customers' data, or cost information.
- 24.2 Regulatory audits required of the Customer by a competent supervisory authority are accommodated on the same basis; Velocita's reasonable support effort is chargeable at the rate card.

ARTICLE 25 - NON-SOLICITATION

- 25.1 The Customer shall not, during the Term and for **twenty-four (24) months** after its end, directly or indirectly solicit or hire any Velocita employee or contractor involved in the Services. In case of breach, the Customer shall pay liquidated damages equal to **fifty per cent (50%) of the individual's gross annual remuneration**, without prejudice to Velocita's right to prove higher damages.

ARTICLE 26 - GOVERNING LAW; ARBITRATION

- 26.1 This Agreement is governed by the substantive laws of **Switzerland**, excluding its conflict of laws rules and the UN Convention on Contracts for the International Sale of Goods.
- 26.2 All disputes arising out of or in connection with this Agreement shall be finally settled under the **Rules of Arbitration of the International Chamber of Commerce** by three (3) arbitrators appointed in accordance with those Rules. The seat of arbitration is **Geneva, Switzerland**; the language of the arbitration is English. Arbitration proceedings and awards are confidential.
- 26.3 Prior to arbitration, the Parties shall attempt to resolve the dispute through negotiation between executives for a period of thirty (30) days.

ARTICLE 27 - MISCELLANEOUS

- 27.1 This Agreement (including its Annexes) constitutes the entire agreement between the Parties. Velocita may assign this Agreement to any member of the Velocita group or in connection with a merger or sale of business on notice; the Customer may not assign without Velocita's consent. Velocita may update its standard service descriptions, portal terms and security documentation from time to time. Amendments to the main body require written signature by both Parties. Notices are validly given by registered mail or by message to the authorised representatives via the Velocita customer portal. If any provision is held invalid, the remainder continues in force. This Agreement may be signed in counterparts, including by qualified electronic signature.

ANNEX 1 - SERVICE DESCRIPTION (SUMMARY)

Part 1 - Service Modules

Module A (Service Desk): 24x7 intake for Priority 1 and Priority 2 Incidents via phone and portal; business-hours (07:00-19:00 CET, Monday-Friday) handling of Priority 3/4 tickets and service requests against a catalogue of 41 standard requests; ITSM tooling provided on Velocita's shared ServiceNow platform.

Module B (Infrastructure Operations): administration of 430 managed instances, hypervisor operations, monthly capacity reporting, patching per Article 13.5, hardware vendor liaison at the Customer's Manchester and Frankfurt co-location facilities (remote hands via approved local subcontractors).

Module C (Cloud Operations): operation of Customer OCI and Azure landing zones per Velocita's standard operating model; infrastructure-as-code changes via the Velocita pipeline; cloud cost dashboards available on the portal (advisory FinOps excluded per Article 4.3).

Module D (Network Operations): monitoring and management of 18 core devices and SD-WAN across 23 depots; firewall changes within 10 Business Days for standard changes; carrier escalation management.

Module E (Backup & Storage): backup scheduling and monitoring across 1.9 PB, quarterly restore testing of a 2% sample, storage provisioning within 5 Business Days.

Module F (Security Monitoring): shared SOC monitoring from Porto with 24x7 alerting for critical detections; monthly vulnerability scanning; annual penetration test coordination excluded (available via rate card).

Part 2 - Tier 1 Systems

Tier 1 systems for the purposes of Article 14: transport management system (TMS), warehouse management system (WMS), customs declaration platform, core integration bus, customer booking portal.

Part 5 - Customer Dependencies

The Customer shall provide: remote access meeting Velocita's connectivity standard within 10 Business Days of the Signature Date; a complete and accurate asset inventory; named approvers for changes and maintenance windows responding within 2 Business Days; local smart hands at co-location sites where Velocita subcontractors are unavailable; and export/import licences where applicable for tooling deployment.

ANNEX 2 - SERVICE LEVELS AND SERVICE CREDITS

Part 1 - Service Levels

Ref	Service Level	Target	Notes
KPI-1	Managed Estate availability (production)	99.80% monthly	Velocita monitoring; excludes maintenance, emergency changes, Customer-caused events
KPI-2	P1 response	30 minutes	24x7; measured from ticket creation
KPI-3	P1 restoration	8 hours	90% of P1 Incidents per month
KPI-4	P2 response	2 hours	24x7; measured from ticket creation
KPI-5	P2 restoration	24 hours	85% of P2 Incidents per month
KPI-6	P3 restoration	5 Business Days	85% per month; business hours only
KPI-7	Standard service request fulfilment	8 Business Days	90% per month
KPI-8	Critical patch deployment	30 days	Per Velocita standard patching calendar
KPI-9	Backup success rate	98.5%	Monthly, scheduled jobs
KPI-10	Quarterly service report delivery	10 Business Days after quarter end	Quarterly

Part 2 - Service Credits

Failure	Credit (% of Monthly Service Fee)
KPI-1 availability 99.50% to <99.80%	3%
KPI-1 availability 99.00% to <99.50%	7%
KPI-1 availability <99.00%	12%
Each other KPI missed (per KPI, per month)	2%

Failure	Credit (% of Monthly Service Fee)
Aggregate monthly cap (all failures)	20%

Service Credits accrue only if claimed by the Customer in writing within thirty (30) days of receipt of the relevant service report, are applied against future invoices only, and are subject to the earn-back mechanism in Article 8.4. RTO/RPO targets under Article 14 are not Service Levels and do not attract Service Credits.

ANNEX 3 - FEES

Part 1 - Recurring and One-Time Fees

Fee Item	Amount (USD)	Basis
Monthly Service Fee	151,200 per month	430-instance baseline; invoiced quarterly in advance
Onboarding Fee (one-time)	250,000	Waived; amortised over months 1-36; unamortised balance due on early termination
Additional instance	265 per instance/month	Above baseline
Instance reduction credit	180 per instance/month	Subject to Minimum Commitment
Minimum Commitment	1,600,000 per Contract Year	Floor on annual Fees irrespective of consumption
Annual indexation	5% fixed	From Contract Year 2; plus up to 3% offshore labour adjustment
DR test (additional/unannounced)	12,000 per test + rate card	Beyond one included announced test per year

Part 2 - Rate Card (Changes, Projects, Exit Support)

Role	Hourly Rate (USD)
Service Desk Analyst	70
Systems Engineer	105
Senior Systems Engineer	140
Solution Architect	175
Project Manager	120
Security Consultant	185

Rate card engagements are subject to a minimum booking of **eight (8) hours** per engagement and per role. Work performed outside 07:00-19:00 CET on Business Days, or on weekends and Luxembourg public holidays, carries a **twenty per cent (20%)** uplift. Exit support carries the Article 22.1 uplift of 15% in lieu of, not in addition to, the out-of-hours uplift where both would apply. Rate card rates are subject to Article 7 indexation.

ANNEX 4 - SECURITY OVERVIEW (SUMMARY)

Velocita operates an ISO/IEC 27001-certified information security management system covering the Porto, Dublin and Pune delivery centres. Controls include: role-based access with MFA for administrative accounts; centralised logging retained for 12 months; background screening per local law; annual security awareness training; and a documented incident response process with severity-based escalation. Penetration testing of the Velocita shared platform is performed by an independent firm every twenty-four (24) months; summary letters are available under NDA on the trust portal. Customer-specific security controls, dedicated SIEM instances, regional data residency restrictions and customer-witnessed DR tests are available as chargeable options under the rate card.

Data processing particulars (Part 2): subject matter - managed infrastructure services; duration - the Term plus 90 days; nature and purpose - remote administration, monitoring, backup and support; categories of data - business contact data, employee directory data, operational and telemetry data; data subjects - Customer personnel and customers; sub-processors - Velocita group companies (Portugal, Ireland, India) and those listed on the trust portal. Transfers outside the EEA/UK rely on the European Commission Standard Contractual Clauses with the UK Addendum, supported by Velocita's transfer impact assessments.
